A true classic with high visual impact and a timeless design. A space to embrace you which invites you to enjoy moments crammed with creativity. Design for all. Wherever you are.

kubika

You choose the base: with wheels, a cover or a base plate. All made of chromium steel with a high-quality finish.

An extraordinary seating arrangement offering maximum comfort with integrated arm-rests.

Automatic gas elevation mechanism with chrome-plated lever.

Two colours available, white and transparent, both offering exquisite design and completely ergonomic.

More resistant and durable, with a system which guarantees full support between the structure and the elevation system.

Ultra-resistant polycarbonate structure

Two colour choices: White and transparent

Support system in brushed steel

Gas elevation system

Three different base models: with wheels, a plate or with 4 legs
