VALENTINO

V7-HB

The V7 is an elegant executive leather armchair symbolising prestige and status. It is the perfect complement to any contemporary boardroom, conference or office environment.

A distinctive fully padded leather facing with stitched detail is evident on the seat and back allowing for increased support and comfort.

As standard the V7 is supplied with a tilt mechanism that can be locked in the upright position only. The chair also has an optional knee tilt mechanism that can lock the chair in multiple positions.

V6-HB

The V6 is a slim line executive chair that features a contoured back and large seat to support the user.

The tilt mechanism has a tension adjustment handwheel and can be locked in the upright position.

A robust, comfortable visitors chair with full sledge base and arm rests completes the range.
