

FUSION

FUSION

Fusion

With a deep contoured seat and backrest, this ergonomically designed range provides exceptional comfort and posture support. A fully articulated head & neckrest further adds to this support on the FSH1 model. The stylish chrome frame visitors chair completes the Fusion range.

Standard Features

Synchronised mechanism with:
Multi position lock and anti-kick brake
Variable tension adjustment
Height & width adjustable armrests
Seat slide providing adjustable seat depth
Chrome base
Adjustable headrest

Optional Features

Upholstered outer back
