For a growing business

NOVA

**Purified, iconic forms** and use of minimum accessories create an impression of cleanliness and comfort even in confined spaces.

Multicolor fabrics or white, ice green and orange glass screens - individualize workplaces. Variety of colors and a design according to any individual request are available.

Flexible combination of furniture creates a workplace that satisfies any individual.

**Furniture is easy transformable and adjustable** to any change of an organization or an employee's needs.

The desking combination and layout creates an open and dynamic office atmosphere, where **individual and common workplaces are flexibly combined**.

**Easy fitted to either open or closed office spaces.** Various types of workplace combination are available: for those who actively cooperate or work together as a team, for smaller groups making project-related work as well as for those who work individually.

**Beauty in simplicity.** Purified style, iconic shapes. **Individuality.** Workplace is designed to meet needs and all type of activities. **Functionality.** Flexible arrangement of workplaces in your space. Private and common space combinations are available.

Pull out the cabinet – it is comfortable for your colleague to sit down on the cushion.

Simply integrated workplace for teamwork.

For dreams that come true. For a leader who can see things within reach and beyond.

Save your time. Be creative with no distractions. Free flowing space, for free flowing thinking. Different shape table combinations are available.

Do not raise your voice - better raise a table. Adjustable height boardroom table for high-spirited meetings.
